

Parmida shoeibzade

Frontend Developer

Dedicated Front-end Developer with a keen enthusiasm for perpetual growth and keeping abreast of cutting-edge advancements in web development. With over two years of hands-on experience, I adeptly utilize HTML, CSS, JavaScript, and diverse frameworks to engineer dynamic and intuitive web applications. Thriving in dynamic environments, I excel at embracing challenges and am committed to self-directed learning initiatives. Batriders | Hybrid

frontend developer

-Involved in the development and enhancement of the Shoplon platform, a mediator platform connecting Instagram sellers with interested buyers.

Facilitated secure and reputable banking gateways and reliable transportation services. Created a dynamic and aesthetically pleasing environment for showcasing product showcases.

Contributed to the landing page and dashboard sections of the Shoplon website. Landing Page Development:Utilized the latest GSAP animation system to design the landing page, enhancing appearance and user experience.

Dashboard Development:Integrated all Instagram posts of the individual (CRUEL). Verified the individual's Instagram ID. Managed sections dedicated to sellers and buyers, transportation, financial affairs, and other related tasks.

Enhanced functionality and performance of the Shoplon dashboard, enabling more efficient system management and control. <https://shoplon.ir/>
